A bright sun is positioned in the upper left quadrant of the image, casting a strong glow and creating a lens flare effect across the sky. The sky is a vibrant, clear blue. Large, fluffy white cumulus clouds are scattered across the lower and middle portions of the frame, partially obscuring the sun's light. The overall scene is bright and clear, suggesting a sunny day.

”Everything is in the o

A bright sun is positioned in the upper left quadrant, casting rays across a clear blue sky. Large, fluffy white clouds are scattered throughout the scene, with a significant portion of the lower half of the image obscured by them. The overall atmosphere is bright and clear.

There is no cloud.

It's just someone else's

The Future if everything becomes real?

“AI will need a thousand times
more computing power globally”

“20% of the world's electricity consumption
by 2030 will be used by Datacenters?”

“Is there a MW available anywhere in the world,
we'll take it!”

Most important?

Security, resilliance,
robustness & availability
